## OVERVIEW

Today, we stand tall as one of the leading NEBOSH Gold Learning Partner in India. This 2/4 accreditation acknowledges our unwavering commitment to delivering exceptional training at the highest international standards. Our diverse range of courses, including NEBOSH IGC, IOSH Managing Safely, and many more, cater to the needs of individuals and organizations across various industries.

Al Salama has a team of experienced and qualified trainers who are dedicated to providing students with the best possible learning experience. They use a variety of teaching methods, including lectures, workshops, and case studies, to ensure that students understand the material.

Al Salama's graduates are in high demand by employers in India and around the world. They have a strong track record of success in helping students find jobs in the health and safety industry.

## Our Vision

At Al Salama School of Safety Studies, we believe that everyone deserves a safe and healthy workplace. That's why we are dedicated to providing high-quality, accredited health and safety training that empowers individuals and organizations to build a safer future.

## Our Mission

Your journey began with a deep understanding of the critical importance of safety in our everyday lives. We saw the devastating consequences that accidents and injuries can have not only on individuals but also on families and communities. This passion for creating a safer world led us to establish Al Salama, a name that translates to "peace and safety" in Arabic, reflecting our core values.

If you are interested in a career in health and safety, Al Salama School of Safety Studies is a great place to start.
